ADMINISTRATION REPORT

OF THE

KHAIRPUR STATE.

FOR THE YEAR ENDING

31ST JULY 1920.

CHAPTER I.

General and Political.

Boundaries.

1. The State of Khairpur lies in Upper Sind between 26° 10′ and 27° 46′ North latitude, and 68° 20′ and 70° 14′ East longitude. It is bounded on the East by Jodhpur and Jessulmere Territories, and on the North, West and South by British Districts of Sind. Within the boundaries of the State, lie portions of the British Territory measuring about 21325-38 acres, in one of which the village of Pir-Jo-goth is situated. It has its importance from the fact that famous Pir of Hurs lives in it.

Area, Population and Revenue.

2. The total area of the State is 6,050 square miles. The population according to the Census of 1911, was 2,23,788 souls out of which 1,21,617 were males and 1,02,171 females. The total revenue from all sources based on the average of the past five years amounted to Rs. 23,41,050-0-0 showing a decrease of Rs. 4,249-0-0 on the average given in the previous year's report.

Relations with the British Government.

3. The relations of this State are those of subordinate alliance with the British Government, and His Highness the Ruler of the State has always been loyal and faithful towards the Paramount Power.

No tribute is paid by the State to the British Government or to any Native State.

The Chief and his powers.

4. The full name of the Chief, who comes of a Talpur Baluch Mohamedan family, is Lieutenant Colonel His Highness Mir Sir Imam Bakhsh Khan Talpur,

and he is Knight Grand Commander of the Most Eminent Order of the Indian Empire, as also a Donat of the Order of the Hospital of St. John of Jerusalem. His Highness is a First Class Chief and possesses full powers of life and death with reservation in favour of British born subjects who cannot be tried for capital offences without the concurrence of the Political Agent. His Highness' Civil Jurisdiction is unlimited. The Ruler of Khairpur State is entitled to a salute of 15 guns.

His Highness is now about 60 years of age.

His Highness's sons and near relations.

5. His Highness the Mir has 3 sons viz. Mir Ali Nawaz Khan, Mir Ali Mahomed Khan and Mir Ghulam Ali Khan, all of whom are educated. Mir Ali Nawaz Khan the eldest son of His Highness returned to Khairpur in May 1920. The third son of His Highness Mir Ghulam Ali Khan is working as Military Secretary to the wazir.

His Highness' near relations are :–

1. Mir Ghulam Hassan Khan wd. Mir Ahmedali Khan, nephew of His Highness, aged about 33 years.
2. Mir Ghulam Hussain Khan wd. Mir Ahmedali Khan, nephew of His Highness, aged about 17 years.
3. Mir Allahdad Khan wd. Mir Ghulam Hussain Khan, His Highness' cousin's son, aged about 41 years.
4. Mir Ghulam Raza Khan wd. Mir Ghulam Hussain Khan, His Highness' cousin's son aged about 33 years.

Mir Ghulam Hussain Khan (No. 2), still continues to receive his education at Khairpur and is making good progress

Domestic Occurrences.

6. The only domestic occurrence worth-mentioning is the birth of a son to Mir Allahdad Khan, son of His Highness's cousin, on 25th July 1920, by name Mir Jan Mahomed Khan.

Visits.

7. The Officials mentioned below visited Khairpur on the dates shown against their names:—

(1). Mr: W. W. Smart, I. C. S. Political Agent Khairpur State on 18th December 1919.

(2). P. R. Cadell, Esquire, C. I. E, I. C. S., Commissioner in Sind, from 1st to 4th March 1920.

(3). Mr: H. Montgomery I. C. S., Political Agent Khairpur State on 23rd June 1920.

His Highness' Movements.

8. His Highness the Ruler did not go out of the State during the year under report. He moved about, as usual, in his own territory.

Changes in the Administration.

9. Khan Bahadur Mahomed Ebrahim remained as Wazir Khairpur State upto 15th July 1920, on which date he reverted to the British Service. I took charge of the post of Wazir from him, on the afternoon of 15th July 1920. Mr. Gul Hussan Khan Naib Wazir was dismissed from the service. No other important changes in the personnel of the Administration occurred during the year under report, excepting some ordinary changes shown in appendix I.

CHAPTER II.

Administration of Land.

Land Revenue System

10. As mentioned in previous reports, there exists no settlement in this State. The survey work of the whole territory which was under-taken some years back is still in progress.

The land revenue is collected under the old system of " Batai " by which the State receives, as assessment, its share of produce in kind. Assessment in cash is levied on special crops only. The land in the State is held chiefly by peasant proprietors and there being no large land-holders, the State takes upon itself the obligation of the landlord, giving them advances without interest in kind, as well as in cash. It also constructs water-courses from its own funds apart from the main canals for irrigation purposes. The system of levy of assessment in kind is agreeable to the parties concerned. The actual cultivator gets in the bulk of cases more than his brother cultivator in the British Districts, because the State deals with him direct in the division of produce, there being no middleman, whose share goes partly to the cultivator and partly to the State, while the usefulness expected of large proprietors is gladly supplied by the village headman as the old " Raj System" of Sind survives in the State.

Waste Lands taken up for cultivation

11. Out of the total area of 6,050 square miles, the cultivable area is estimated to be 1,250 square miles or 8 lacs of acres, and the rest is sandy, rocky or otherwise uncultivable soil.

Demarcation of Boundaries.

12. The Survey Staff surveyed 3 dehs in the Mirwah Taluka, and one deh in the Faiz Ganj Taluka, the total number of acres surveyed during the year under report being 14,369-20 against 14,394-34 in the preceding year.

Takavi.

13. During the year under report, the amount of Takavi advanced in cash was Rs. 1,09,408-0-0 against Rs. 1,02,927-0-0 in the preceding year.

Advances were also made in kind, to the value of Rs. 750-0-0 against Rs. 3,000-0-0 made before. No interest is charged on the Takavi given in cash or kind. Out of Rs.1,09,408-0-0 paid in cash, Rs.33,314-0-0 were spent on sinking new wells and the remainder on the purchase of seed and agricultural stock. In the year under report, 124 new wells were sunk, viz:- 80 in Khairpur, 15 in Gambat, 27 in Mirwah, and 2 in Faiz Ganj.

Jagirs.

14. The number of villages held as Jagirs during the year under report was 21. 4 Jagir villages of the late Mir Mahomed Murad Khan which were reported in the last Report to be under the State management were made Khalsa during the year under report.

Area under cultivation.

15. The total area brought under cultivation in the year 1919-20 was 2,28,308-20 acres against 1,60,855-35 acres in the year 1918-19. and 266,974-14 in the year 1917-18.

Land Revenue.

16. The bulk of the land revenue is derived in kind and the figures appearing under the head "Land Revenue demand" properly speaking represent the amounts realized by the State chiefly from the sale of its share of grain and in a small part from the assessment levied in cash.

The total land revenue, excluding Jagirs, derived by the State during the year amounted to Rs. 11,13,208-0-0 against Rs. 10,17,497 in the year 1918-19 and Rs; 15,54,540 in 1917-18.

Kutchery Sessions and Monthly Consultative Committees.

17. The Kutchery Sessions and Consultative Committees worked satisfactorily during the year under report. The Mukhtiarkars hold Kutchery Sessions on the 15th of every month, at which they dispose of miscellaneous disputes of long standing. Monthly Consultative Committees are convened by the Wazir himself, who invites high Officials for consultation regarding any new measures proposed to be adopted or reconsideration of circular orders which are found by experience to need alteration or amendment.

Examination of Accounts.

18. The village, Taluka and Huzur Accounts are properly kept, checked and audited by an establishment specially appointed for the purpose.

CHAPTER III.

Administration of Law and Justice.

Legislation.

19. During the year under report, a new Act called "Restriction of liquor" was passed and brought into force, with the object of preventing sale of liquor to Mussulmans.

Military.

20. The strength of the State Forces stands as shown in the table below:-

Class.	Infantry.	Cavalry.	Artillery.	I.S.C.Corps.	I.S.B.Corps.	Total.
1. Regulars	215	...	4	41	97	357
2. Irregulars	...	196	...	...	...	196
Total...	215	196	4	41	97	553

*Note—The figures shown under heads 4 and 5 do not include Pipers and followers (10) of the Camel Corps and Salutries, Bhishties, &c, (14) of the Baggage Corps, nor do they include 10 strong fighting men enlisted on temporary establishment.

In the year under report the total cost of Military Forces was Rs. 1,91,023 against Rs. 1,73,590 in the previous year, showing an increase of Rs. 17,433 which was due to the purchase of camels etc.

21. The men of the State Infantry, which includes the Infantry Band are properly drilled and are employed on duties generally performed by the armed Police in the British Districts. Four Artillery men still continue to fire salutes and midday gun.

The men of His Highness' Irregular Cavalry are not drilled and they perform duties connected with His Highness' camp and sport, excepting 25 who have been trained as Lancers to constitute His Highness' Body Guard.

St. Jhon's Ambulance Association.

22. The Ambulance Class, which was opened in the preceding year, remained closed during the year under report. As stated in para 4, His Highness is a Donat of the order of the Hospital of St. Jhon of Jerusalem.

I. S. Camel and Baggage Corps.

23. Imperial Service Camel Corps consists of smart and steady men and the personnel of the corps is satisfactory.

The Corps which was despatched on 8th and 9th June 1919 to the North-West Frontier (Baluchistan) has been fully demoblized under the orders of Inspector Genenral I. S. Troops, and arrived at Khairpur on the 11th November 1919. 10 strong men and 2 riding camels for Mounted Rifles, 20 Transport men and 12 baggage camels for Transport Corps, which were enrolled last year for further re-inforcement are still working in the Depot.

Police.

24. The strength of the Police Force during the year was 280 against 281. The total cost of the Force was Rs. 67613-0-0 against Rs. 59,970-0-0 in the previous year. The force is generally armed with swords excepting 61 selected men, who are armed with smooth-bore snider carbines. Out of these 280 men, 89 are able to read and write against 80 of the preceding year. (Appendix IV). The work of the Police was on the whole satisfactory.

During the year under report, 489 offences were challaned by the Police as against 607 in the preceding year. Out of 457 persons sent up for trial, the percentage of convictions was 67·83 against 74·1 in the year previous (vide Appendix V.) The percentage of recoveries of stolen property was 43·49

against 52·16 in 1918-19, (vide Appendix VI.) The Police and the judiciary of the State work in harmony with each other and headmen of villages generally render useful assistance in the detection and suppression of crime.

Criminal Justice.

25. During the year under report, there were 15 Criminal Courts against 13 of the previous year. The number of offences both cognizable and non-cognizable amounted to 814 as against 893 in the preceding year. 7 Cases were dealt with under capital offences, involving 15 persons. Out of them 2 were discharged, 3 convicted and 4 given life sentence, while 2 cases involving 6 persons remained pending at the close of the year. It will be seen from Appendix IX that there were 29 appeals. Decisions of lower courts were confirmed in one, modified in 2 and reversed in 20 cases, while 6 remained pending at the close of the year.

Civil Justice.

26. During the year under report, the number of Civil Courts remained the same as in the last year viz:- 15. There were 288 contested cases against 250 in the preceding year. The number of applications for execution of decrees was 657 against 629 in the year 1918-19, besides 994 applications which remained pending at the close of that year. Appendix XII will show that 136 Civil Apeals of the value of Rs. 35,808-0-0 were filed during the year (including 33 under the Relief Act), besides 48 of the previous year. In all 131 appeals were disposed of, during the year. Decisions of the lower Courts were up-held in 95 cases, amended in 7, and reversed in 13. 11 cases were sent back for further evidence, and 5 were compromised or otherwise disposed of.

Agriculturists' Relief Act.

27. During the year under report, 243 new cases were filed. These added to the 375 cases pending at the close of the preceding year, brought the total to 618, out of which 155 cases were disposed of, leaving a balance of 463. There were 132 applications for execution of decrees (including 89 of the last year)of the value of Rs. 19,282-0-0, out of which 52 were disposed of, while 80 remained pending at the close of the year. Appendix XII will fully explain the number and the result of the Relief Act appeals. 33 appeals were filed during the year under report, excluding 12 which was the balance of the preceding year. Out of these 29 were disposed of as under:- Decisions were confirmed in 27 cases, reversed in 1 and amended in 1.

Advantages under Act No. 1 of 1906 to the Ryots.

28. 12 Kutchery Sessions were held by each Mukhtiarkar during the year under report; the result was that much time, trouble and anxiety were saved to the litigants by the simple procedure and prompt decisions of cases at these sessions. Since the passing of Act 1 of 1906, which is in the nature of an arbitration Act for disputes relating to immovable property and inheritance, Kutchery decisions have gained confidence and have established their popularity. During the year under report 110 fresh cases were filed under the Act, besides 113 pending at the close of the preceding year, thus

bringing the total to 223, out of these, 141 were disposed of as under:- 63 were compromised, 61 were decided by arbitration, 2 on special oath, satisfaction was recorded in 4, the award of arbitrators was set aside in 5 and applications were rejected in 6 cases, leaving a balance of 82 at the close of the year. These were mostly decided at the Kutchery Sessions. There were 29 appeals during the year under report. Decisions were upheld in 18, compromised in 1, amended in 3, reversed in 4 cases, while 3 were sent back for re-trial. This system of settling disputes maintains the position and responsbility of the " Nekmard " and the headman of villages.

Extradition.

29. Under the Extradition Act 18 persons were surrendered to the State during the year under report, out of whom 12 were convicted, while 6 remained under trial at the close of the year. The number of those arrested in and surrendered by the State was 12.

Prisons.

30. There are two Jails in the State, one at Kot Deji and other at Khairpur-Mirs. In each Taluka Head Quarters, there is a lock-up for under-trial prisoners. In the beginning of the year under report 238 prisoners were under-going imprisonment in the jails and 371 new inmates were admitted during the year, while the number of convicts at the close of the year was 228.

The sanitation of jails and the health of the prisoners were, throughout the year, satisfactory. The good conduct system is also prevalent and a prisoner is entiteld by his exemplary conduct to have a remission of one month per year in his sentence. The average daily number of convicts in the Jail at Kot Diji was 42.98 and in Khairpur jail 197.51, the total of the two Jails being 240.49 as against 256.4 in the past year. The total mortality in the jail at Khairpur was 8 and at Kot Diji 2. All deaths were caused by pneumonia and consumption. Light indoor work is taken from prisoners who are unable to do any hard work and no work at all is taken from those who are certified to be unfit for it. Long term prisoners are taught various useful handicrafts, such as carpentry and smithery. This is of great advantage to the prisoners, who return home with the gain of an occupation and steady habits at the expiry of their terms of imprisonment.

The total expenditure incurred during the year under report on account of the maintenance of Jails and lock-ups amounted to Rs. 30,375-0-0 against Rs: 21,055-0-0 in the preceding year.

Registration.

31. Appendices XIV and XV show the statistics connected with the Registration of documents, and the receipt and the expenditure under that head during the year under report. The amount of fees realized was Rs. 6,834-0-0 as against Rs. 7,709-0-0 in the previous year. The number of documents registered was 782 of the value of Rs. 5,83,676-0-0 against 925 of the value of Rs. 3,17,866-0-0 in the past year. Out of 446 sale deeds, 230 appertained to sale of houses, 97 to sale of trees and 119 to sale of agricultural lands. No case of forgery or of false personation occurred during the year.

Municipal Administration

32. There are no municipalities in this State. The Punchayat and village headmen under guidance of Local officials look after sanitation and cleanliness. The towns of Khairpur, Gambat, Kot Diji and Ranipur being large enough, sufficient conservancy establishment is maintained in them by the State.

CHAPTER IV.

Production and Distribution.

Weather, Crops and Rainfall.

33. As rainfall is insufficient, cultivation in the State is carried on solely by irrigation of canals from the river Indus. During the year under report the total rainfall was 3.0 as against 2.89 cents of the preceding year. The Kharif as well as Rabi crops were a little better than those of the preceding year.

The maximum and the minimum temperatures registered in the State were 118° and 34° respectively.

Wages, Labour and price of food-grains.

34. During the year under report, the rates of wages of the different classes of labourers, skilled or unskilled, were higher than those of the preceding year. The construction of new buildings aud the clearance of state canals afforded ample work to the labourers. Appendix XVIII will show that the average selling rates of food grains prevailing in the State during the year under report, were slightly lower than those of the preceding year.

Forests.

35. In the year under report the Forest Revenue amounted to Rs. 15371-0-0 against Rs. 23,019-0-0 in the preceding year, showing a decrease of Rs. 7,648-0-0. The decrease was due to the fact that fewer contracts were taken up during the year under report. The expenditure under the head amounted to Rs. 4,744-0-0 against Rs. 4,972-0-0 in the year previous.

Trade and Manufacture.

36. Gambat still maintains its reputation for the manufacture of "Khais and Chandinies" and Khairpur for the dyeing of cloth; and the same old indegenous stuff continues to be used in the method of making fast colours. The principal commodities of export are all kinds of grains, cotton, wool, hides, tobacco and hand-made coarse cloth. Carbonate of soda called "Kharo Chaniho" which is naturally produced in the Nara Taluka is very largely exported to Karachi from where it is sent abroad. During the year under report the sale produce of Kharo Chaniho amounted to Rs. 21,922-0-0 against Rs. 15,061-0-0 in the preceding year showing an increase of Rs. 6,861-0-0.

Fairs.

37. In this State five large fairs are held annually at the places shown in the margin, the largest of them being held at Ranipur, where sale of animals and local products also takes place.

Ranipur.
Gambat.
Deraz Sharif.
Mahtani.
Shah-Ladhani.

Public Works.

38. No new work of excavation or construction of a building or of any regulator, worth- mentioning was taken in hand during the year under report.

The total expenditure under the head amounted to Rs. 1,32,382-0-0 against Rs. 1,57,642-0-0 in the preceding year. Out of the above amount, Rs. 72,349-0-0 were spent on new works, Rs. 34,336-0-0 on the annual clearance and Rs. 25,697-0-0 on repairs of buildings, roads etc. The cost of the establish ment both permanent and temporary, including contingencies, etc. amounted to Rs. 29,990-0-0 as against Rs. 35,937-0-0 in the previous year.

As mentioned in the previous reports, the contract of clearance of canals of the State was likewise given to the State zamindars, who own lands on the canals. This has proved to be a more satisfactory way of getting canals cleared than by giving the work to the contractors.

Post Offices.

39. There was no increase or decrease in the number of post and telegraph offices in the State. They are as usual under the control of the Imperial Postal and Telegraph Department of the British Government.

Mint.

40. As mentioned in the previous reports, the State has got no mint of its own and the current coin of the State is British coin of gold, silver, nickel and copper:

General condition of the State and its people.

41. The general condition of the State and its people was on the whole satisfactory. Out of the total population of 2, 23, 788 souls according to the Census of 1911, 85 percent are agriculturists, and the rest traders, artisans and labourers. The birth rate was 5. 35 against 3. 30 of the preceding year, the ratio of deaths being 6. 72 against 121. 61. The inundation was on the whole fair. The Rabi as well as Kharif crops were a little better than in the preceding year. The high rates of staple food grains, cloth etc, which are ruling since the time of war continued to affect adversely the prosperity of the people.

The agricultural stock and fodder were in better condition There was no disease amongst cattle. Immigration and emigration were both normal.

During the year under report, there were 122 schools in the State as against 124 of the previous year. The average attendance of the pupils per day being 5100 against 5200 in the preceding year.

The State is not in debt and the year closed with a balance of Rs. 8,94,035-0-0 in the State Treasuries, in addition to 4 lacs of rupees invested in the 1st and 2nd war Loans.

Infectious and contagious diseases

*42. The Public health was satisfactory. The State was not visited by plague, cholera or influenza during the year under report. Small pox broke out in three out of the five Talukas in the State, but the outbreak was not of a serious nature. There were 228 attacks and 92 deaths.

CHAPTER V

Salt.

44. As reported in the previous year, the State continues to buy salt, as usual, from Mauripur salt works, Karachi. All necessary precautions are taken against any manufacture of salt from Kalar earth. No case of smuggling of salt from British Territory or of manufacture of salt from Kalar earth in the State was detected during the year under report.

Opium.

45. The cultivation of poppy is limited to the Khairpur Taluka only and is restricted to an area just sufficient for the yearly consumption of the State. In all 38 Acres 19 Ghuntas of land came under poppy cultivation during the year under report. No case of smuggling was detected.

Charas and Ganja.

46. Charas is imported from the Punjab or Sukkur under a license from the Political Agent. The rate of Charas in the State was raised to annas 0-11-0 against annas 0-9-0 per tola as is in the British Territory. No case of smuggling was detected in the State. There is no consumption of Ganja in the State and none is imported.

Bhang.

47. Like opium, the cultivation of this drug is also under restriction. 78 acres and 16 Ghuntas were cultivated in Khairpur Taluka during the year under report. No case of smuggling was detected.

ountry Liquor

48. The same arrangements that were prevailing last year continued during the year under report. There is no information about the smuggling of State liquor into British Territory as such offences are naturally dealt with by the British police and Abkari Department. No such sumggling was detected by the State officials.

Stamps.

49. Stamps are not made nor have any been introduced in the State. Civil court fees are realized in cash.

CHAPTER VI

Medical Department.

50. There are three hospitals and 6 dispensaries in the State, in all of which consultation and medicines are given gratis. The total number of outdoor patients treated during the year was, 1,39,413 against 1,50,275 in the preceding year, and that of indoor patients was 433 against 638. The cost of the maintenance of these Institutions was Rs. 21, 216—0—0 against Rs. 24,678-0-0 in the previous year.

During the year under report the number of post mortem examinations remained the same as that of the preceding year, viz. 19. The total number of Surgical operations performed was 2244 of which 66 were major. The number of animals treated in the veterinary Hospital at Khairpur was, 15,627 against 13,809 in the year previous, and the cost of maintenance amounted to Rs. 2933—0—0 against Rs. 3214—0—0 in the 1918-19.

Vaccination.

51. The strength of vaccination Staff remained un-altered.

The total number of primary vaccination operations performed was 4,879 and that of re-vaccination 179 of which 4,745 in primary vaccination and 154 in re-vaccination were successful bringing the total of successful operations to 4899. Out of the total number of primary vaccination and re-vaccination cases, 3496 were of children below one year of age, 1277 of those of above one year and below 6 years and 285 of children above 6 years. The expenditure under this head was Rs. 3091—0—0 against Rs. 2862—0—0 in the preceding year.

Vital Statistics.

52. Appendix XXIV gives the information about vital Statistics. It shows that the number of deaths during the year decreased by 25,711 and that of births increased by 458. The ratio of births per mile of population was 5.35 against 3.30 and that of deaths was 6.72 against 121·61 of the preceding year. No separate establishment is maintained for the registration of births and deaths but Tapedars, Pound Munshis, School Masters and the Police keep registers of vital statistics and collect the information. In this work they are assisted by headmen and Mukhies of villages.

CHAPTER VII.

Education.

Number of vernacular Schools and their attendance.

53. Appendix XXV shows the work of the Educational Department of the State. The number of Educational Institutions during the year was 122 with 5,100 pupils against 124 with 5,200 pupils respectively in the preceding year. The curriculum of Schools in the British Territory has been adopted for the State Schools. Trained hands, as far as available, have been appointed in central schools and in the year under report 5 candidates were sent to Teachers' Training School at Hyderabad Sind. Out of the total number of pupils attending the various Schools in the State, 4,813 are boys and 287 are girls. There were 7 boys in the Arabic and Persian School situated at Khairpur under the headmastership of a "Moulvi" to whom questions on Mahomedan Law are also referred for opinion as a "Mufti."

Khairpur High School.

54. This Institution together with the Boarding House continues to make satisfactory progress. It had on its roll 310 boys, 224 Mussalmans and 86 Hindus, at the end of the year under report. The School has been fully equipped with upto date Science apparatus and appliances. Among the staff there are 4 graduates of the Bombay University and 4 of the Allahabad University. During the year under report 11 boys against 13 in the preceding year passed the school leaving test.

The School Library at Khairpur continues to prove its usefulness. The School also maintains a reading room where newspapers and periodicals are provided. The Boarding house has a full time Superintendent who lives on the premises. There were 176 boarders against 167 in the preceding year, out of whom 17 were paying and 159 free. Besides supplying free education, boarding and lodging, the State provides most of the free boarders with books stationery and other miscellaneous articles. While attending to the intellectual side of the boys' education, the moral side also is not lost sight of. The Superintendent looks carefully to the religious education of the boys as also to their comforts. The Mahomedan boys offer prayers regularly and observe fasts during the month of "Ramzan" while the State Moulvi takes them through the course of Fiquah (theology) by holding daily classes, where attendance is regular. Side by side with this, the physical training of the boys is also attended to. In fact the religious and physical education of the pupils are two prominent features of the Boarding House life. The School Cadet Corps, under their own school Cammandant dressed in military uniform and armed with their daisy guns drill and perform physical excercise; while at parade they are supplied with a fife and drum band by the Technical School Cadets. Cricket, Football and Hockey are the chief games enjoyed.

Sir Alimurad Industrial School

55. The Sir Ali Murad Industrial School at Khairpur Mirs has deen flourishing as usual. It teaches carpentry, smithery, turnery, embroidery, carpet

making, lacquered wood-making, glazed pottery and hand-loom weaving. The boys also attend reading, and writing classes. The secret of success of the Institution lies in the fact that it is both a school and a factory. All the Departments of the State supply to the factory sufficient work to keep it completely occupied and the public also make large purchases of articles turned out by it.

Each boy gets a decent stipend according to his age and proficiency as long as he attends the school, and when he finishes the prescribed course, he is given by the State a complete set of tools to set up business independently.

Workshop.

56. The Iron workshop with its extension, had a flourishing year. It has a sufficient staff and has proved useful in imparting mechanical training to the inhabitants of the State.

The Institution besides teaching the art to the otherwise unemployed boys turns out the requirements of the State and its subjects (which formerly used to be supplied by firms at Karachi) and complies with orders from outside.

CHAPTER VIII.

Miscellaneous.

Records.

57. The records are carefully kept and attention is being paid to the destruction of old and useless ones.

Cattle-breeding.

58. Attention is being paid by the Veterinary Staff to breeding operations. During the year under report the total coverings by horse stallions and donkey stallions were 46 and 7 against 22 and 13 respectively in the preceding year.

Printing Press and Libraries.

59. The Faiz Printing Press has proved very useful to the State and a boon to the public. It also undertakes printing and binding from customers in British territory.

The Faiz Imam Library is the only library in the State. It is visited by the public and State officials from whom no fees are levied.

Extermination of Wild Animals.

60. His Highness' Shikar Establishment has special instructions to kil wolves, Hyenas, crocodiles, and wild boars which are the only animals in th State that can be included in the category of wild animals. His Highnes personally misses no opportunity of killing them. Besides this prizes ar offered to the people for extirpating crocodiles and securing their eggs.

Hur Settlement.

61. The only Hur Settlement in the State is the one at Sorah, the inmates of which are leading a peaceful and quiet life by cultivating lands.

Conclusion.

The year 1919-20 was one of fair prosperity. The inundation was satisfactory, though a breach in the protective "Bund" and another in the Mirwah flooded a large area of land which resulted in great loss to Kharif cultivation. The public health was good as compared with that of the preceding year, when influenza had taken a large toll. The only noteworthy events of the year were the return of the heir-apparent after an exile of about 5 years and the change of the Wazir.

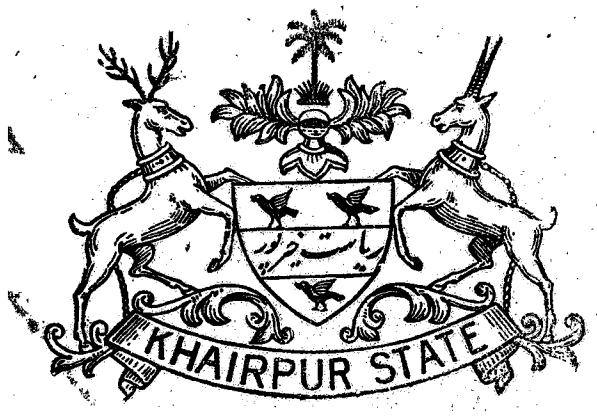
ADMINISTRATION REPORT

OF THE

KHAIRPUR STATE

FOR THE YEAR ENDING

31ST JULY 1921.



KHAIRPUR MIR'S
Printed at the "FAIZ" Printing Press.

1921.

ADMINISTRATION REPORT
OF THE
KHAIRPUR STATE.

FOR THE YEAR ENDING
31ST JULY 1921.

CHAPTER I.

General and Political.

Boundaries.

1. The State of Khairpur lies in Upper Sind between 26°10′ and 27°46′ North latitude, and 68° 20′ and 70° 14′ East longitude. It is bounded on the East by Jodhpur and Jessulmere Territories, and on the North, West and South by British Districts of Sind. Within the boundaries of the State, lie portions of the British Territory measuring about 21325-33 acres, in one of which the village of Pir-Jo- goth is situated. It has its importance from the fact that the famous Pir of Hurs lives in it.

Area, Population and Revenue.

2. The State embraces an area of 6050 square miles. The population according to the Census of 1921 was 1,93,152 souls, out of which 1,07,223 were males and 85929 females. The total revenue from all sources based on the average of the past five years amounted to Rs. 24,00,602, showing an increase of Rs. 59,552 on the average given in the previous year's Report.

Relations with the British Government.

3. The relations of this State are those of subordinate alliance with the British Government, and the Ruler of the State has always been loyal and faithful towards the Paramount Power. No tribute is paid by the State to the British Government or to any native State.

The Chief and his powers.

4. The full name of the Chief, who comes of a Mahomedan Baluch family called Talpur, is His Highness Mir Ali Nawaz Khan Talpur. His Highness is a First Class Chief and possesses full powers of life and death with reservation in favour of British-born subjects who cannot be tried for capital

134849

offences without the concurrence of the Political Agent. His Highness' Civil jurisdiction is unlimited. The Ruler of Khairpur State is entitled to a permanent salute of 15 guns outside the State and to 17 guns inside the State. His Highness is now about 37 years of age, and is a member of the Chamber of Princes.

5. The most momentous and mournful event of the year under report, which plunged the whole population of the State into perfound grief, was the death of Lt-Col. His Highness Mir Sir Imam Buksh Khan Talpur-G. C. I. E. which sad event took place at Khairpur Mirs on 8th February 1921 at 5-30 p. m. His late Highness had been ailing for some time suffering from weakness of intestines and general debility due to old age—he was 61 years 4 months—and ultimatley succumbed to Gastritis from which he suffered for only about a week. He ruled for a period of 12 years. His death removed a benevolent Ruler, a strict disciplinarian and a fine old fashioned type of the Talpurs of Sind. He was second to none in allegiance and loyalty to the British Government. The fine unstinted assistance that he rendered in the War was rewarded by a permanent local increase of two guns on the last New Year's Day. The news of his death was immediately telegraphed to the Political Agent Sukkur, and the Commissioner-in-Sind. The Political Agent arrived the same evening, and the Commissioner-in- Sind deputed his Revenue Assistant the same night, to represent him at His late Highness' funeral, which took place next morning, when the princely remains were taken under a salute of 17 guns with all due ceremonies for temporary burial to the family vault in Kuba Kadir Buksh from where they were sent according to his will (after the close of the year) to the holy shrine of Kerbella in Mesopotamia as their last resting place, together with the remains of his Sir Faiz Mahomed Khan. The sad event threw the members of the royal family, the officials and the people of the State into profound grief. Messages of condolence were received by His Highness Mir Ali Nawaz Khan from the following high personages:- His Excellency the Viceroy; His Excellency the Governor of Bombay, His Excellency Lord Willingdon Governor of Madras and Lady Willingdon; the Commissioner-in-Sind, Their Highnesses the Maharaja of Patiala; the Maharaja of Kolhapur; the Nawab of Rampur; the Begum of Bhopal; the Nawab of Palanpur; the Nawab of Jaora: the Nawab of Janjira; the Rulers of Bahawalpur and Narsingarh; Nawabzada General Ubedullah Khan of Bhopal, Hon'ble Khan Bahadur Ghulam Hussain Minister Bombay, and several former Political Agents of the State, and numerous friends and sympathisers. Numerous members of the Talpur family from Sind including His Highness Mir Haji Noor Mahomed Khan of Hyderabad, Mir Mahomed Khan of Kot Mir Mahomed, Mir Mehrab Khan of Mehrabpur and Mir Meher Hussain of Darawahan, came to Khairpur for condolence. According to custom, public mourning lasted for five days, and on the 13th February, the 'Dastarbandi' ceremony of His Highness Mir Ali Navaz Khan took place in the presence of Mirs, Pirs, State Officials and thousands of eager spectators. The "Dastarbandi" was immediately followed by His Highness' provisional installation, which took place in the Faiz Mahal, when Mr. H. Montgomery I. C. S. Political Agent Sukkur made the following announcement on behalf of the Government:—

"Sahibzadas and Gentlemen:—

I have before me to-day the performance of a duty which gives me genuine pleasure. Three days ago my visit to Khairpur had a far less pleasant aspect. You were then mourning the death of a Ruler who had presided over this State for twelve years, a man who by his sincerity and goodness of heart, not only endeared himself to his friends but reconciled his opponents. This is not an occasion on which I should speak further of him. I have rather come on behalf of the Government of Bombay, and in anticipation of the

sanction of the Government of India, provisionally to recognize his successor on the Gadi of the Khairpur State. I cannot refrain from observing with what happy auspices Mir Ali Nawaz Khan succeeds—will succeed—to this Gadi. His late Highness Mir Imam Buksh Khan took the helm of this State contrary to what had been the wish of his father, the deceased Ruler, at an age already advanced, with mistrust and apprehensions surrounding him; yet in course of time, by his clemency, he conciliated all opposition. Mir Ali Navaz Khan succeeds his father in the prime of his life, fortified by the sanction of his father's consent, having the immeasurable advantage of modern education, and surrounded with the friendship and good—will of the Sahibzadas, his brothers and cousins. It is with a feeling of the greatest pleasure and an assurance of great benefit to the State that I now wish him all happiness and good fortune in this exalted destiny, seating him, in anticipation of the Supreme Government's sanction, upon the Gadi of his fore-fathers". A salute of 17 guns was fired to announce His Highness' installation.

6. The permanent installation of His Highness Mir Ali Nawaz Khan took place at Khairpur Mir's, on the morning of Saturday the 25th of June 1921. Arrangements for the Durbar had been made in the Central Hall of the Faiz Palace, where all the State officials, selected zamindars and other Grandees—Hindus and Muhammadans—were assembled. At 9 a. m. His Highness, escorted by his Body—Guard, and driving in a carriage drawn by four horses, arrived at the Palace. He was accompanied by the Vazir and all the scions of the Ruling family. The Political Agent, Mr. J.A. Pope, I.C.S. arrived soon afterwards accompained by the District Superintendent of Police Sukkur. After His Highness and the Political Agent took their seats, the Vazir, with the permission of His Highness, declared the Durbar open. The Political Agent then read His Excellency the Viceroy's Kharita, which ran as follows:-

"To His Highness Mir Ali Nawaz Khan Talpur, Mir of Khairpur:— My Esteemed Friend. The sad news of the death of His late Highness Mir Sir Imambuksh Khan, your father, was duly communicated to my predecessor by the Government of Bombay, who were asked to convey to his family Lord Chelmsford's condolences. In your father the British Government have lost a most loyal friend and I take this opportunity to express to Your Highness my sorrow at the sad event and my sincere sympathy with yourself and the other members of your father's family. It gives me great pleasure to inform Your Highness that His Imperial Majesty the King—Emperor of India, has been pleased to recognize your succession to the Masnad of the Khairpur State, and I offer you my hearty congratulations. I shall watch Your Highness's career with deep interest, and I trust that you will long be spared to administer your State for the benefit of those entrusted to your care and with credit and distinction for yourself.- I remain, with much consideration, Your Highness' Sincere Friend, Reading, Viceroy and Governor General of India."

As soon as the Kharita was read and handed over to His Highness, a salute of 17 guns was fired to mark the recognition of His Highness' succession to the Gadi.

The Political Agent then read the following English translation of the Commissioner's Persian Murasilla:—

"My friend, His Imperial Majesty the King-Emperor of India has been graciously pleased to recognize your succession to the Masnad of the Khairpur State. On June 25th 1921 the Kharita of His Excellency the Viceroy and Governor-General of India formally announcing this fact will be presented

to Your Highness in Durbar by the Political Agent. I have great pleasure in tendering to Your Highness my cordial congratulations on this eventful occasion, which I trust will prove as fortunate to you as it will be auspicious in the annals of the Khairpur State. Your Highness succeeds a Ruler who, by his exalted character and standard of conduct, by his wise adminstration, and by his loyal and valuable services to the British Empire, has enhanced to a high degree the reputation and prestige of the Khairpur State. Personally I deplore in his untimely departure from this life the loss of an old and valued friend. Your Highness in entering upon your rule comes equipped with advantages of education, training and knowledge of the outside world, which were not enjoyed by your predecessors. I regard, therefore Your Highness' succession as in a peculiar degree fraught with good augury for the future prosperity and happiness of the Khairpur State and its people. Knowing full well that Your Highness is inspired with lofty ideals and a sincere desire to acquit yourself worthily of the task handed down by your illustrious ancestors, I am confident that with the help of Divine Providence Your Highness' rule, while continuing all that is best in the traditions of this historic Talpur house, will mark an advance towards a system of administration more in consonance with the spirit of the age and better calculated to further the development of the resources of the State and the prosperity of its subjects. I would now conclude by expressing my earnest wish that Your Highness may enjoy as Ruler of Khairpur a long and happy life, and by tendering you a cordial assurance of my constant friendship and support. I desire to associate myself most cordially with the congratulations which it is my pleasant duty on this auspicious occasion to convey to Your Highness and with the hopes expressed for the long life and welfare of Your Highness and for the prosperity and happiness of the State under Your Highness' rule." The Political Agent then made the following speech :—

"Your Highness succeeds to the Masnad of the Khairpur State at a time when the greatest war in history has recently ended, a war in which nearly all nations in the world were involved; and at a time when as the result of the world war, social and economic changes of great magnitude are taking place, changes from the influence of which, in a greater or less degree, few nations in the world are exempt. I rejoice to know that the part played by the Khairpur State in the great war was in every way worthy of its past traditions. By the services of the Khairpur Imperial Mounted Service Rifles and Camel Transport, which played a distinguished part in the operations in the British East Africa, in Egypt and in the North-West Frontier of India, as well as by generous financial contributions, your lamented father His late Highness Mir Sir Imambuksh Khan, gave signal proof of his own devoted loyalty to the throne of His Imperial Majesty the King Emperor of India. I am confident that Your Highness will ever follow his illustrious example. I referred above to the social and economic changes which have followed in a greater or less degree in all civilized nations in the train of the great war. The increasing complexities of modern adminstration and the growing cost of all public services have everywhere imposed a strain upon Governments which can only be met by a careful economy of the resources of the State and an unremitting concern for the welfare of all its members. I am sure that under Your Highness' enlightened rule, the Khairpur State will continue in the path of ordered progress. I am glad to know that the carrying out of the Sukkur Barrage project which may be anticipated in the near future, will contribute very greatly to the resources of Your Highness' State and to the welfare of its inhabitants. Whether we look back to the recent path or forward to the near future, the picture is one of good omen for the

happiness and prosperity of the people of Khairpur under Your Highness' rule. I trust that Your Highness may long be spared to guide the destinies of the State with wisdom and to win the gratitude and affection of Your Highness' subjects."

After the Political Agent finished, his Assistant Mr. Jiwatram read the Sindhi translation of the Viceroy's Kharita, the Commissioner's letter and the Political Agent's speech. His Highness then made the following reply:—

"My friend:—I am very much indebted to you for handing over to me the Kharita of His Excellency the Viceroy and Governor General of India and the Murasilla of the Commissioner in Sind, conveying to me the happy news that His Imperial Majesty the King-Emperor of India has been graciously pleased to recognize my succession to the Masnad of the Khairpur State. I am deeply touched by the kind expression of the high estimation in which they hold our family and the eulogistic terms in which they speak of my late lamented father. I must also express to them and to you my deep sense of gratitude for the good wishes and cordial congratulations. I am proud to think that my ancestors have rendered valuable services to the British Government and have never lagged behind the Rulers of other States in India in their loyalty to the Paramount Power. My late lamented father did his best to do his bit in the late War, just ended, and I am glad you have so appreciatingly referred to the services rendered by the Khairpur State in the different theatres of the War. The consciousness of this fact is in itself a sufficiently potent incentive to stimulate me to follow in the footsteps of my worthy predecessors. I assure you that I would yield to no one else in the devotion and loyalty to the person and throne of our beloved King-Emperor and in serving the cause of the Empire to which we are proud to belong. The Commissioner-in-Sind has kindly referred to the "advantages of education, training and knowledge of the outside world," equipped with which I am entering upon my new career. These words but serve to bring home to my mind more vividly the responsibilities attaching to my new position as the Ruler of this State, and I trust in God that I may be found equal to the task of discharging the onerous duties that have devolved on me. You have, my friend, rightly alluded to the troubulous times we are living in. The great Continental War has no doubt plunged the entire world in a condition of economic chaos and has stunted all progress. This State being but an integral part of the wide British Empire has not escaped the influence of the great changes that are taking place throughout the world. But I hope that with the help of Divine Providence and improvement and judicious use of the resources of my State, I may be able to acquit myself worthily in the task of reconstruction to which all of us have set our hearts. Ever since I was provisionally installed on the 13th February last, I have taken active steps towards the achievement of the goal that I have set before me, viz., the happiness, contentment and welfare of my beloved subjects. I have to this end remitted the 'Chher' system for a small cash payment. The pernicious consequences of this system can only be realized by those who possess a first-hand knowledge of it. It was the greatest economic evil to which any State could be subjected and it was maintained and vigorously adhered to for over three quarters of a century by the antiquated idea of prestige. I have seen with my own eyes the result of this much-needed change in such a short time. Hundreds of my subjects have returned and thousands more will return to their original homes from which they had migrated on account of the hardships of this evil system. I have, besides, instituted the Department of Co-operative Societies for the benefit of my poor cultivators,

and I am glad to say that 18 Societies have already been organized within a short space of 4 months. The Barrage, to which you have referred, will no doubt bring perennial supply to this State. However, as it is, Khairpur has, I am glad to say, a comparatively good water supply; but its southern-most taluka which possesses large tracts of good arable land, has suffered on account of paucity of cultivators and insufficiency of water. The former will be remedied by the remission of 'Chher.' As regards the latter, I have sanctioned the remodelling of a branch canal and its further extension over a distance of about 25 miles at an approximate cost of one lac of rupees, as a result of which about ten thousand acres of new land are estimated to be brought under cultivation. In conclusion, I pray that the Almighty God may guide me in my new career and give me strength and wisdom to discharge the duties of my new office conscientiously and judiciously in the interests of my subjects whose welfare I shall always have at heart." The Wazir then read out and translated a telegram from His Excellency Sir George Lloyd the Governor of Bombay which ran as follows:-

"I offer Your Highness my warm congratulations on your succession to the Masnad and every good wish for the further prosperity of your House and State."

A translation of His Highness' speech into Sindhi was then read out by the Wazir who at the end of it, with the permission of His Highness, declared the Durbar closed. His Highness the Mir then released six prisoners in commemoration of the occasion, and public offices and schools were closed for three days.

7. Sons and near relations of His Highness.

His Highness has one son living, Mir Faiz Mahomed Khan, named after His Highness's ~~great~~ grandfather. He was born on 4th January 1913. For the present, a private tutor has been engaged for his education.

2. Mir Ali Mahomed Khan, 2nd brother of His Highness aged about 34 years.

3. Major Mir Ghulam Ali Khan, 3rd brother of His Highness, aged about 32 years. He has received education in England, where he has acquired the B. A. degree of Cambridge University and has seen active service for about three years during the late war. He is now working as Military Secretary to the Vazir.

4. Mir Ghulam Hassan Khan, cousin of His Highness, aged about 34 years.

5. Mir Ghulam Husain Khan, cousin of His Highness, aged about 18 years.

6. Mir Allahdad Khan, third cousin of His Highness, aged about 42 years.

7. Mir Ghulamraza Khan, third cousin of His Highness, aged about 34 years.

8. Mir Inayatali Khan S/o Mir Mahomed Murad Khan, His Highness's maternal uncle's son, aged about 10 years.

Out of the above, Mir Ghulam Husain Khan (No: 3) still continues to receive his English education in Khairpur High School, and is making satisfactory progress.

Domestic occurrences.

8. The only domestic occurrences worth mentioning in this Report are the birth of a daughter to Mir Ghulam Husain Khan, cousin of His Highness, on 30th September 1920, and the death of the junior Dera of the late His Highness Mir Sir Ali Murad Khan, on 29th October 1920, of infirmity and old age.

Visits.

9. The Officials mentioned below visited Khairpur on the dates noted against each :—

1. J.L. Rieu Esqr, C. S. I., I.C.S., Commissioner-in-Sind, on 14th February 1921 accompanied by the Political Agent, the Dy. Inspector General of Police for Sind and the Assistant Commissioner-in-Sind.

2. Mr. H. Montgomery I. C. S. Political Agent visited Khairpur on the 8th & 13th February 1921, and Mr. J. A. Pope I. C. S. from 24th to 26th June.

3. Major General Sir H. D. Watson K. B. E., C. B., C. M. G., C. I. E., M. V. O., Inspector General Imperial Service Troops visited Khairpur on 7th January 1921 accompanied by the Inspecting Officer Imperial Service Camel Corps and Captain Ray.

Movements of His Highness.

10. His late Highness accompanied by his Dera visited the holy shrine of Lal Shahbaz Kalandar at Sehwan by special train from 28th to 30th August 1920. Later on, he went to pay a visit to the Commissioner-in-Sind at Karachi where he stayed from 8th to 10th November 1920. His Highness Mir Ali Nawaz Khan did not move out of the State during the year under report. He travelled extensively in his own Territory for Shikar as well as for acquainting himself with the needs and grievances of his subjects.

Changes in the Administration.

11. I continued to be in charge of the office of Wazir for whole year. At His late Highness' request, the Commissioner-in-Sind was pleased to lend the services of Mr. Sherali Sadikali Mukhtiarkar of Taluka Sanghar as Naib Vazir of His Highness ' Camp, which post he joined on the 26th August 1920. Mr. Tolaram, a retired Mukhtiarkar of British territory was taken up in State service, and appointed as Enquiry Officer to settle the rights of the occupants of land. Messrs. Abdul Majid Dareshani M. A., Metharam and Gianchand, three old State officials who had resigned in the late Wazir's time were re-employed, the first as Principal Khairpur High School, the second as Superintendent Census and then as Mukhtiarkar, and the last as Registrar Co-operative Societies. Mr. Ghulam Kadir Mukhtiarkar was dismissed

from service on public grounds. Mr. Ramzan Khan a retired Police Inspector of British territory was appointed Police Inspector in place of Mr. Ghulam Husain who resigned. Mir Murid Ahmed was appointed Forest Officer.

No other important changes in the personnel of the Adminstration occurred during the year under report, except some ordinary changes shown in Appendix 1.

CHAPTER II.

Administration of Land.

Land Revenue System.

12. As mentioned in previous Reports, there exists no settlement in this State. The survey work of the whole territory which was under-taken some years back is still in progress but is nearing completion.

The land revenue is collected under the old system of "Batai" by which the State receives, as assessment, its share of produce in kind. Assessment in cash is levied on special crops only. The land in the State is held chiefly by peasant proprietors and there being no large land-holders, the State takes upon itself the obligations of the landlord, giving them advances without interest in kind, as well as in cash. It also constructs water-courses from its own funds apart from the main canals for irrigation purposes. The system of levy of assessment in kind is agreeable to the parties concerned. The actual cultivator gets in the bulk of cases more than his brother cultivator in the British Districts, because the State deals with him direct in the division of produce, there being no middleman, whose share goes partly to the cultivator and partly to the State, while the usefulness expected of large proprietors is gladly supplied by the village headman as the old "Raj system" of Sind survives in the State.

Waste lands taken up for cultivation.

13. Out of the total area of 6,050 square miles, the cultivable area is estimated to be 1,250 square miles or 8 lacs of acres, and the rest is sandy, rocky or otherwise uncultivable soil.

Demarcation of Boundaries.

14. The Survey staff completed the survey of the Mirwah Taluka and one Deh in the Faiz Ganj Taluka and took up 3 more Dehs in the latter Taluka, the total number of acres surveyed during the year under report being 14121-36 acres against 14369-20 in the preceding year.

Takavi.

15. During the year under report, the amount of Takavi advanced in cash was Rs 1,04,873 against Rs 1,09,408 in the preceding year. Advances were also made in kind, to the value of Rs 19710 against Rs 750 made before,

No interest is charged on the takavi given in cash or kind. Out of Rs 1,01,873 paid in cash, Rs 39,700 were spent on sinking new wells and the remainder on the purchase of seed and agricultural stock. In the year under report, 152 new wells were sunk, viz:- 76 in Khairpur, 15 in Gambat, 59 in Mirwah, and 2 in Faiz Ganj, as against 124 in the preceding year.

Jagirs.

16. The number of villages held as Jagirs during the year under report was 21 i.e. the same as in the last year. Jagir Machhi which was resumed during Mir Ali Nawaz Khan's absence from the State, was restored tohim on his return by His late Highness, during the year under report. It however was shown in the previous Reports as Jagir, and consequently there is no change in the number. It however remained under State management to liquidate old debts of the Mir.

Area under cultivation.

17. The total area brought under cultivation in the year was 1,87,939-23 acres against 2,28,308-20 acres in the preceding year, showing a decrease of 40,368-37 acres, owing to unfavourable inundation

Land Revenue.

18. The bulk of the land revenue is derived in kind, and the figures appearing under the head "Land Revenue Demand" properly speaking represent the amount realized by the State chiefly from the sale of its share of grain and in a small part from the assessment levied in cash.

The total land revenue, excluding Jagirs, derived by the State during the year amounted to Rs 14,55,772 against Rs 11,13,208 in the year 1919-20 and Rs. 10,17,497 in the year 1918-19.

Kutchery Sessions and Monthly Consultative Committees.

19. The Kutchery Sessions and Consultative Committees worked satisfactorily as usual. The Mukhtiarkars hold Kutchery Sessions on the 15th of every month, at which they dispose of miscellaneous disputes of long standing. Monthly Consultative Committees are convened by the Wazir himself, who invites high Officials for consultation regarding any new measures proposed to be adopted or reconsideration of circular orders which are found by experience to need alteration or amendment. This year Committee Meetings were of peculiar interest in as much as a working system had to be devised to take the place of the old forced labour system (called 'Chher').

Examination of Accounts.

20. The village, Taluka and Huzur Accounts are properly kept, checked and audited by an establishment specially appointed for the purpose.

CHAPTER III.

Administration of Law and Justice.

Legislation.

21. No new Act was passed during the year under report.

Military.

22. The strength of the State Forces stands as shown in the table below:-

Class.	Infantry.	Cavalry.	Artillery.	I.S.C. Corps.	I.S.B Corps.	Total.
1. Regulars	221	...	4	41	97	363
2. Irregulars	...	196	...	...	...	196
Total...	221	196	4	41	97	559

Note:-The figures shown under heads 4 & 5 do not include pipers (14) and followers (16) of the Camel Corps, and salutries, Bhishties etc. (17) of the Baggage Corps, nor do they include 10 strong fighting men enlisted on temporary establishment.

In the year under report, the total cost of Military Forces was Rs 1,75,156 against Rs. 1,91,023 in the previous year, showing a decrease of Rs. 15,867 which was due to the restoration of normal times after the war and consequent reduction in the extra personnel of the Camel & Baggage Corps.

23. The men of the State Infantry, which includes the Infantry Band are properly drilled and are employed on duties generally performed by the Armed Police in the British Districts. Four Artillery men still continue to fire salutes and mid-day gun. The men of His Highness' Irregular Cavalry are not drilled and they perform duties connected with His Highness' Camp & sport, excepting 36 who have been trained as Lancers to constitute His Highness' Body Guard.

I. S. Camel and Baggage Corps.

24. Imperial Service Camel Corps consists of smart and steady men and the personnel of the Corps is satisfactory.

10 strong men who were enrolled last year for further re-inforcement are still working in the Depot, but the 2 riding camels for Mounted Rifles, 20 Transport men & 12 Baggage Camels shown last year, have been demobilized.

Police.

25. The strength of the Police Force during the year was 282 against 280. The total cost of the Force was Rs 67,926/- against Rs. 67,613/- in the previous year. 61 Sowars are armed with smooth-bore snider carbines. Out of these 282 men, 90 are able to read and write against 89 of the preceding year (Appendix IV.) The work of the Police was on the whole satisfactory.

During the year under report, 395 offences were challaned by the Police as against 489 in the preceding year. Out of 361 persons sent up for trial, the percentage of convictions was 44.32 against 67.83 in the year previous (Vide Appendix V). The percentage of recoveries of stolen property was 39.77 against 43.49 in the past year, (Vide Appendix VI). The Police and the Judiciary of the State work in harmony with each other and headmen of villages generally render useful assistance in the detection and suppression of crime.

Criminal Justice.

26. During the year under report, there were 15 Criminal Courts as last year. The number of offences, both cognizable and non-cognizable, amounted to 655 as against 814 in the preceding year. 6 cases were dealt with under capital offence, involving 20 persons. Out of them, 9 were discharged and 9 convicted, while 1 case involving 2 persons remained pending at the close of the year. It will be seen from Appendix IX that there were 38 appeals. Decisions of lower Courts were confirmed in 23, modified in 2 and reversed in 4 cases, proceedings quashed in 1. while 8 remained pending at the close of the year.

Civil Justice.

27. During the year under report, the number of Civil courts was 14 as against 15 in the last year. There were 163 contested cases against 288 in the preceding year. The number of applications for execution of decrees was 683 against 657 in the year 1919-20, besides 919 applications which remained pending at the close of that year. Appedix XII will show that 116 Civil appeals of the value of Rs 1,40,956 were filed during the year (including 31 under the Relief Act), besides 53 of the previous year. In all 98 appeals were disposed of, during the year. Decisions of the lower Courts were upheld in 59 cases, amended in 13, reversed in 19, 4 cases were sent back for furthur evidence, and 3 were compromised or otherwise disposed of

Agriculturists' Relief Act.

28. During the year under report, 361 new cases were filed. These added to the 467 cases pending at the close of the preceding year, brought the total to 828; out of which 346 cases were disposed of, leaving a balance of 482. There were 140 applications for execution of decrees (including 80 of the last year) of the value of Rs 24,498 out of which 12 were disposed of, while 128 remained pending at the close of the year. Appendix XII will fully explain the number and the result of the Relief Act appeals. 31 appeals were filed during the year under report excluding 16 which was the balance of of the preceding year. Out of these 25 were disposed of as under; - Decisions were confirmed in 17 cases, reversed in 6, amended in 1 and sent back for furthur evidence in 1.

Advantages under Act No: 1 of 1906 to the Ryots.

29. 12 Kutchery sessions were held by each Mukhtiarkar during the year under report. The result was that much time, trouble and anxiety were saved to the litigants by the simple procedure and prompt decisions of cases at these sessions. Since the passing of Act No: 1 of 1906, which is in the nature of an arbitration Act for disputes relating to immovable property and inheritance

Kutchery decisions have gained confidence and have established their popularity. During the year under report, 127 fresh cases were filed under the Act besides 82 pending at the close of the preceding year, thus bringing the total to 209. Out of these, 100 were disposed of as under:- 58 were compromised, 33 were decided by arbitration, the award of arbitrators was set aside in 4 and applications were rejected in 5 cases, leaving a balance of 109 at the close of the year. These were mostly decided at the Kutchery Sessions. There were 15 appeals during the year under report. Decisions were upheld in 8, compromised in 1, amended in 1, and reversed in 5 cases. This system of settling disputes maintains the position and responsibility of the" Nakmard " and the headman of villages.

Extradition.

30. Under the Extradition Act, 11 persons were surrendered to the State during the year under report, out of whom 3 were convicted, one was acquitted while 7 remained under trial at the close of the year. The number of those arrested in and surrendered by the State was 19.

Prisons.

31. There are two jails in the State, one at Kot Deji and the other at Khairpur Mirs. In each Taluka Head quarters, there is a lock-up for under-trial prisoners. In the beginning of the year under report, 228 prisoners were undergoing imprisonment in the Jails, and 209 new inmates were admitted, the number of convicts at the end of the year being 191.

The sanitation of Jails and the health of prisoners were, throughout the year, satisfactory. The good conduct system is also prevalent and a prisoner is entitled by his exemplary conduct to have a remission of one month per year in his sentence. The average daily number of convicts in the Jail at Kot Deji was 39.1 and in the Khairpur Jail 155.99, the total of the two Jails being 195 as against 240.49 in the past year. The total mortality in the Khairpur Jail was 2 and at Kot Deji 2, all due to pneumonia. Light indoor work is taken from prisoners who are unable to do any hard work and no work at all is taken from those who are certified to be unfit. Long-term prisoners are taught various useful handicrafts, such as carpentry, smithery, and weaving. This is of great advantage to the prisoners, who return home with the gain of an occupation and steady habits at the expiry of their terms of imprisonment.

The total expenditure incurred during the year under report on account of the maintenance of jails and lock-ups amounted to Rs. 19,408 against Rs.30,375 in the preceding year.

Registration.

32. Appendices XIV and XV show the statistics connected with the registration of documents, and the receipt and the expenditure under that head during the year under report. The amount of fees realised was Rs. 8,980 as against Rs. 6,834 in the previous year. The number of documents registered was 900 of the value of Rs. 3,10,848 against 782 of the value of Rs. 5,83,676 in the past year. Out of 454 sale deeds, 255 pertained to sale of houses; 87 to sale of trees and 112 to sale of agricultural lands. No case of forgery or of false personation occurred during the year.

Municipal Administration.

33. There are no municipalities in this State. The Punchayats and village headmen under guidance of local officials look after sanitation and cleanliness. The towns of Khairpur, Gambat, Kot Deji and Ranipur being large, sufficient conservancy establishment is maintained in them by the State.

CHAPTER IV.

Production And Distribution.

Weather, Crops and Rainfall.

34. As rainfall is insufficient, cultivation in the State is carried on solely by irrigation of canals from the river Indus. During the year under report, the total rainfall was 1.12 as against 3 inches of the preceding year. The Kharif as well as Rabi crops were not as good as those of the preceding year.

The Maximum and the minimum temperature registered at Khairpur Mirs were 118° and 40° respectively.

Wages, Labour and price of food grains.

35. During the year under report, the rates of wages of the different classes of labourers, skilled or unskilled, were higher than those of the preceding year. The construction of new buildings and clearance of State canals afforded ample work to the labourers. Appendix XVIII will show that there was a marked rise in the average selling rates of food grains prevailing in this State during the year under report. Cultivators, Artisans, labourers and State servants were all hard hit by this general increase in food stuffs.

Forests.

36. In the year under report, the Forest Revenue amounted to Rs. 19,177 against Rs 15,371 in the preceding year, showing an increase of Rs 3,806. The expenditure under the head amounted to Rs 5184 against Rs 4714 in the previous year.

Trade & Manufacture.

37. Gambat still maintains its reputation for the manufacture of "Khais" and "Chandinies". The principal commodities of export are all kinds of grains cotton, wool, hides, tobacco and hand-made coarse cloth. Carbonate of Soda called "Kharo Chaniho" which is naturally produced in the Nara Taluka is very largely exported to Karachi from where it is sent abroad. During the year under report, the sale produce of Kharo Chaniho amounted to Rs. 1,01,490 against Rs 21,922 in the preceding year, showing an increase of Rs. 79,568 due to the sale of large quantities of the stuff, the balance of the previous years, which was deteriorating on account of long storage.

Fairs.

38. In this State, five large fairs are held annually at the places shown in the margin, the largest of them being held at Ranipur where sale of animals and local products also takes place.

Public Works.

39. Among new works of construction may be mentioned the construction of school buildings at Baberloi(Khairpur Taluka) and Bhangoo Bihan and Karundi (Faiz Ganj Taluka); also the construction of a new office for the Vazir, which work was undertaken in 1919-20 and completed in the year under report. Besides, the two houses of Mr. Gul Hassan Khan late Naib Vazir, were purchased by the State at a cost of Rs 5200/-/-. A new Regulator over the Sathio wah near Gundariro, and another over the Khanwah near Talpur wada, a head regulator to the Gunderiro shakh, a regulator over the Ujjan Shakh, and a combined regulator at the old tail of the Faiz wah, an escape sluice for the Khanwah, two new branch canals sanesa & Jhanga, and a new mouth to Abulwah were also among the new works excavated during the year. Besides this the Mojai Shakh was extended over a distance of $5\frac{1}{2}$ miles, so was the tail of Faizwah for $2\frac{1}{2}$ miles called Malka Shakh, and a new cut was given to the mouths of Lalanwah, Jadiwah, Sangi Shakh and Gundariro Shakh. Two bad bents which hampered the velocity of water in the Wihowah, one at its mouth and the other near Teluho, were also removed.

40. The total expenditure under the head amounted to Rs 1,08,526 against Rs 1,32,382 in the preceding year . Out of the above omount, Rs 36,780 were spent on new works, Rs 47,722 on the annual clearance and Rs 24,024 on repairs of buildings, roads etc. The cost of the establishment both permanent and temporary, including contingencies etc. amounted to Rs 35,445 as against Rs. 29,990 in the previous year. Besides this about Rs 59,090 were spent on new works and about Rs. 88,410 on canal clearance for which the bills were not submitted and passed during the year.

As the State Zamindars complained bitterly of the low rates at which the contracts were given to them almost against their will, the rates were increased by half as much and the zamindars came forward eagerly to take up the work at the enhanced rates. The policy of giving contracts to the Zamindars as far as possible was kept up, but in cases where local zamindars did not come forward to do the work it was given to contractors. The new cut to Abulwah which cost about Rs 30,000 was excavated almost entirely by Pathan labour.

Post Offices.

41. There was no increase or decrease in the number of post and telegraph offices in the State. They are as usual under the control of the Imperial Postal and Telegraph Department of the British Government. A combined Post and telegraph office has been applied for, for Gambat, a flourishing town of comparatively, great commercial activity, and it is hoped it will be started before long.

Mint.

42. As mentioned in the previous reports, the State has got no mint of its

own and the current coin of the State is British coin of gold, silver, nickel and copper.

General Condition of the State and its people.

43. The general condition of the State and its people was fair. Out of the total population of 1,93,152 souls according to the Census of 1921, 85% are agriculturists and the rest traders, Artisans, and labourers. The birth rate was 8.56 against 5.35 of the preceding year, the ratio of deaths being 6.65 against 6.72. The inundation was not favourable. The Rabi as well as Kharif crops were not as good as in the preceding year. The high rates of staple food grains, cloth etc., which are ruling since the time of War continued to affect adversely the prosperity of the people. The agricultural stock was not in good condition, and there was rinderpest among cattle. Besides fodder being very scare, the number of cattle appreciably decreased during the year. During the year under report, there were 127 Schools in the State against 122 of the previous year. The number of pupils was 5,223 against 5,100 in the preceding year. The State is not in debt, and the year closed with a balance of Rs. 10,09,684/-/-.

His Highness the ruler, having the contentment, happiness and welfare of his subjects at heart, has, immediately after his accession to the Gadi in February 1921, abolished the Chher (Forced labour) system, and instituted the Department of Co-operative Credit Societies for the amelioration of his subjects, the result of which has been that hundreds of State subjects have returned to the State, and thousands will return to their homes from which they had migrated owing to the pernicious effects of the forced labour system Large areas of cultivable land which were lying uncultivated for years have been brought under cultivation, the result of which will be apparent from the next year's figures.

Infectious and contagious diseases.

44. The public health was satisfactory. During the year under report the State was not visited by plague, Cholera or Influenza. Small pox broke out but the out-break was not of a serious nature. There were 63 attacks and 16 deaths due to this disease.

CHAPTER V.

Salt.

47. As reported in the previous year, The State continues to buy salt, as usual, from Mauripur salt works, Karachi. All necessary precautions are taken against any manufacture of salt from Kalar earth. No case of smuggling of salt from British Territory or of manufacture of salt from Kalar earth in the State was detected during the year under report.

Opium

48. The cultivation of poppy is limited to the Khairpur Taluka only and is restricted to an area just sufficient for the yearly consumption of the State. In all 43 acres 1 Ghunta of land came under poppy cultivation during the year under report. No case of smuggling was detected.

Charas and Ganja.

49. Charas is imported from the Punjab or Sukkur under a license from the Political Agent. The rate of Charas in the State was raised to annas 0-13-0 against annas 0-11-0 per tola as in the British Territory. No case of smuggling was detected in the State. There is no consumption of Ganja in the State and none is imported.

Bhang.

50. Like opium, the cultivation of this drug is also under restriction. 41 acres and 37 Ghantas were cultivated in Khairpur Taluka during the year under report. No case of smuggling was detected.

Country Liquor.

51. The same arrangements that were prevailing last year continued during the year under report. Two cases of smuggling were detected, one of which ended in conviction, and the other is pending.

Stamps.

52. Stamps are not made, nor have any been introduced in the State Civil court fees are realized in cash.

CHAPTER VI.

Medical Department.

53. There are three hospitals and 6 dispensaries in the State, in all of which consultation and medicines are given gratis. The total number of out-door patients treated during the year was 1,16,738 against 1,39,413 in the preceding year, and that of indoor patients was 487 against 433. The cost of the maintenance of these institutions was Rs 25,974 against Rs 21,216 in the preceding year.

During the year under report, the number of post mortem examinations was 24 against 19 of the preceding year. The total number of Surgical operations performed was 2,303, of which 43 were major. Th enumber of animals treated in the veterinary Hospital at Khairpur was 17,435 against 15,627 in the year previous, and the cost of maintenance amounted to Rs. 3,708 against Rs. 2,933 in the preceding year.

Vaccination.

54. The strength of vaccinatin staff remained unaltered. The total number of primary vaccination operations performed was 5008 and that of re-vaccination 77, of which 4,950 in primary vaccination and 49 in re-vaccination were successful, bringing the total of successful operations to 4,999. Out of total number of primary vaccination and re-vaccination cases, 4,263 were of children below one year of age, 740 of those of above one year and belw 6 years and 82 of children above 6 years. The expenditure under this head was Rs 2,839 against Rs 3,091 in the preceding year.

Vital Statistics.

55. Appendix XXIV gives the information about vital Statistics. It shows that the number of deaths during the year decreased by 226 and that of births increased by 455. The ratio of births per mile of population was 8.56 against 5.35, and that of deaths was 6.65 against 6.72 of the preceding year. No separate establishment is maintained for the registration of births and deaths, but Tapedars, Pound Munshies, School Masters and the Police keep registers of vital statistics and collect the information. In this work they are assisted by headmen and Mukhis of villages.

CHAPTER VII.

Education.

Number of Vernacular Schools and their attendance.

56. Appendix XXV shows the work of the Educational Department of the State. The number of Educational Institutions during the year was 127 with 5,223 pupils against 122 with 5,100 pupils respectively, in the preceding

year. The curriculum of schools in the British Territory has been adopted for the State schools. Trained hands, as far as available, have been appointed in Central schools, and in the year under report 13 candidates were sent to Teachers' Training School at Hyderabad Sind. Out of the total number of pupils attending the various schools in the State, 1885 were boys and 338 girls. There were 2 boys in the Arabic and Persian school situated at Khairpur under the headmaster-ship of a "Moulvi" to whom questions on Mahomeddan Law are also referred for opinion as a "Mufti". The girls school at Khairpur had on its rolls 70 girls

Khairpur High School.

57. This institution together with the Boarding House continues to make sasisfactory progress. It had on its roll 297 boys, 195 Musalmans and 102 Hindus, at the end of the year under report. The school has been fully equipped with up to date Science apparatus and appliances. Among the staff there are 4 graduates of the Bombay University, 1 of the Allahabad University and 1 of the Madras University. During the year under report, 10 boys out of 23 passed the school leaving test, against 11 boys out of 26 in the preceding year

The School library at Khairpur continues to prove its usefulness. The school also maintains a reading-room where newspapers and periodicals are provided. The Boarding House has a full time Superintendent who lives on the premises. There were 160 Boarders against 176 in the preceding year, out of whom 12 were paying and 148 free. Besides supplying free education, boarding and lodging, the State provides most of the free boarders with books, stationery and other miscellaneous articles. While attending to the intellectual side of the boy's education, the moral side also is not lost sight of. The Superintedent looks carefully to the religious education of the boys as also to their comforts. The Mahomedan boys offer prayers regularly and observe fasts during the month of "Ramzan", while the State Moulvi takes them through the course of Fiquah (theology) by holding daily classes, where attendance is regular. Side by side with this, the physical training of the boys is also attended to. In fact the religious and physical education of the pupils are two prominent features of the Boarding House life. The School Cadet Corps under their own school Commandant dressed in Military uniform and armed with their daisy guns drill and perform physical exercise; while at parade they are supplied with a fife and drum band by the Bandsmen of the Foot Battalion. Cricket, Football and Hockey are the chief games played by the boys.

Sir Ali Murad Industrial School.

58. The Sir Ali Murad Industrial School at Khairpur has been flourishing as usual. It has on its rolls, 104 boys who are taught carpentry, smithery, turnery, embroidery, carpet making, Lacquered wood-making, glazed pottery and hand-loom weaving. The boys also attend reading, and writing classes. The secret of success of the Institution lies in the fact that it is both a school and a factory. All the Departments of the State supply to the factory sufficient work to keep it completely occupied and the public also make large purchases of articles turned out by it. Each boy gets a decent stipend according to his age and proficiency as long as he attends the school and when he

finishes the prescribed course he is given by the State a complete set of tools to set up business independently.

Workshop.

59. The iron workshop with its extension, had a flourishing year. It has a sufficient staff and has proved useful in imparting mechanical training to the inhabitants of the State.

The Institution besides teaching the art to the otherwise unemployed boys turns out the requirements of the State and its subjects (which formerly used to be supplied by firms at Karachi) and complies with orders from outside.

CHAPTER VIII.

Miscellaneous.

Records.

60. The records are carefully kept, and a separate Establishment was appointed during the year for the destruction of old and useless records.

Cattle-Breeding.

61. Attention is being paid by the Veterinary staff to breeding operations. During the year under report, the total coverings by horse stallions and donkey stallions were 34 and 4 against 46 and 7 respectively in the preceding year. A large stock of young bulls was purchased from the Willingdon cattle farm during the year under report for improving the breed of cattle in the State These are rather young and with the exception of one or two, the rest are not yet serviceable. Later on when they come of age they will be distributed in the different areas for service.

Printing Press And Libraries.

62. The Faiz Printing press is usful for supplying the needs of the State and it is meant for that purpose. It also does binding work.

The Faiz Imam library is the only library in the State. It is visited by the public and State Officials from whom no fees are levied.

Extermination of wild Animals.

63. His Highness' Shikar Establishment has special instructions to kill wolves, Hyenas, Crocodiles, and wild boars which are the only animals in the State that can be included in the category of wild animals. His Highness personally misses no opportunity of killing them. Besides this, prizes are offered to the people for extirpating crocodiles and securing their eggs.

Hur Settlement.

64. The only Hur Settlement in the State is the one at Sorah, the mates of which are leading a peaceful and quiet life by cultivating lands.

Census.

65. The decenial Census of the State was carried on simultaneously with that of British India on the 18th March 1921 and all the forms that were prepared were sent to the Census Abstraction office Karachi. The Khairpur Durbar had undertaken to defray charges and cost of forms supplied to it, and also to contribute its share of the cost of abstraction and tabulation in the Census Central office, in the same manner, as was done during tho Census of 1911. The total population of the State according to the last Census was 1,93,152 showing a decrease of 30,636 which was due to the severe attack of Influenza in the year 1918-19 which took a very large toll and also to the hardships of Chher (forced labour). Of the total population, 1,07,223 were males and 85,929 females; Out of whom, 1,56,687 were Muslims, 35,253 Hindus, 3 Christains, 586 Sikhs, and the balance other castes. Out of the total population, 94,670 are agriculturists. The number of occupied houses according to the last Census was 35,890 against 40,576 of the Census of 1911.

Co-operative Credit Societies.

66. The Co-operative system was introduced for the first time in the State on 1st March 1921 when the office of the Registrar was created. He was specially deputed to Hyderabad for training under K. S. Azim Khan assistant Registrar of Co-operative Societies in Sind, before starting actual work. The first Society was inauguarted on 19th March at Theri which was followed almost immediately by another at Khairpur. The total number of Societies at the end of the year under report was 30 of which 7 were in Taluka Khairpur, 8 in Gambat, 9 in Mirwah and 6 in Faiz Ganj. They are all agricultural Societies as this was the first desideratum in the State. The system of co-operation is likely to be very successful here as the State is both the overlord and the zamindar and the cultivators are but tenants, there being no middlemen. The Societies have been started on Raiffeicen principles and the following are its dominent features:—

(1) that each will be absolutely local for each village where members can know each other personally and admit no one who cannot be trusted; the administration also will be local i.e. all members of the Managing Committee will be of the same village. 2. Loans will be made to members only and will be given for some definite object for a definite period. 3. All profits will be carried to reserve fund which will be indivisible for 10 years, whereafter the Managing Committee after deducting 10% for charitable purposes will decide about the distribution of the remainder, 4. The entrance fee for each member is rupee one and no one is eligible for member-ship until he purchases at least one share of Rs 10. 5. Each member must purchase at least one share of Rs 10 each year for a period of 10 years.

Conclusion.

67. The year under report was on the whole not satisfactory. The inundation in the beginning was good and was maintained till the latter part of August when the river fell suddenly and rapidly on account of which the standing crops were deprived of their last waterings. The out-turn was therefore poor. For the same reason, lands could not be fully irrigated for Rabi and the Rabi crop also was poor like the Kharif crop. The public health was on the whole good though people were hard hit by the high prices particularly

towards the close of the year under report. Cattle suffered from Rinderpest and died in large numbers.

Special attention was paid to devising means of extending cultivation With this object several branch canals were excavated or the existing ones extended, the total length of the excavation being about 25 miles. A new mouth was given to Abulwah as the old one had failed in the preceding year. It was however unfortunately eroded by the river just when it was about to be used when the old mouth of Abul ceased flowing due to heavy silt. But providentially the old mouth again started flowing due to a rise in the river the silt being cleared by the flow of water, and it continued flowing till late in the season.

The year was marked by the sad death of His Highness Mir Sir Imambuksh Khan Talpur G. C. I. E., and the succession of his eldest son and heir-apparent Mir Ali Nawaz Khan. The year will be a land-mark in the history of Khairpur as it saw the total abolition of Chher (forced labour) after a period of over three quarters of a century. This very generous, far sighted and statesmanlike act of the new Ruler has gladdened the hearts of his subjects to whom he is thus endeared more than ever. The economic gain will be immense. Thousands of cultivators who had migrated to the neighbouring British Territory have returned, and are still returning and the area under cultivation has immensely increased. The result of this will be manifest in the next year's report. His Highness who is extremely keen to see his subjects happy and contented, has made a good beginning and it is confidently hoped that Khairpur State will make a great progress in his regime.

Dated, Khairpur Mirs,
1921.
